The Hearthstone features a bright and welcoming layout designed for comfortable everyday living. The kitchen opens to the dining and living areas, creating a natural gathering space filled with natural light. An optional wet bar between the kitchen and living room adds a convenient feature for hosting and entertaining. The primary suite includes a spacious walk-in closet and private bath, while two additional bedrooms provide flexibility for family, guests, or a home office. A covered front porch creates an inviting entry and adds charm to the home's exterior.
