

## HEARTHSTONE

*Comfortable living inspired by nature.*

The Hearthstone brings warmth and livability to the center of the home with an open layout that naturally connects the kitchen, dining, and living spaces. Natural light fills the main living area, creating a comfortable setting for everyday routines or hosting friends and family. The kitchen includes thoughtful features like an optional wet bar that adds convenience when entertaining. The primary suite offers a spacious walk-in closet and private bath, while two additional bedrooms provide flexible space for family, guests, or a home office. A welcoming covered front porch adds charm to the home's exterior and creates an inviting place to arrive.
