

## LANDING

*Space to settle in and feel at home.*

The Landing offers a spacious and thoughtfully arranged layout designed to adapt to every stage of life. A dedicated foyer welcomes you inside, where the living and family rooms create separate spaces for gathering, relaxing, or entertaining. The kitchen features a large walk-in pantry and connects easily to the dining and family areas, while an optional wet bar adds convenience for hosting. The private primary suite includes a walk-in closet along with a separate tub, shower, and water closet. Two additional bedrooms each have access to their own full bath, and a flexible bonus room can serve as a home office, playroom, or hobby space. With three full bathrooms and multiple living areas, the layout can also comfortably accommodate households that include extended family or multi-generational living. With its inviting rear covered porch and more traditional exterior styling, this version of the Landing offers timeless comfort and versatility.
